

Unmissable adventure

The phrase 'immersive experience' is overused and often inaccurate, but dining theatre company Gingerline has concocted a spectacular one called *The Grand Expedition*. It takes place at a mystery location in London (you receive instructions via text on the day) and makes clever use of illustrated animations and

talented performers to transport diners on a dreamlike culinary journey (note: hot air balloons are involved). Tickets would make a great gift.

From £60pp including a welcome drink, Tuesdays-Saturdays until September, 7-11pm (plus Saturday matinées); thegrandexpedition.co.uk

7 REASONS TO GET EXCITED ABOUT April

Spring on the farm
The first of the month is a great time to visit a farm. Not only are the animals starting to breed, but the weather is perfect for a day out. Many farms also have excellent facilities for children, including play areas, petting zoos and more.

Unmissable
